
read file
samples
Section 3.1
apply filters
filtered samples
Section 3.2
get spectrogram
Equation 3.2
get spectrogram
using a bigger window size (Figure 4.4)
wideband spectrogram
Equation 3.3
narrowband spectrogram
using a smaller window size (Figure 4.3)
complex to magnitude
complex to magnitude
complex to phase
wideband magnitude spectrogram
narrowband magnitude spectrogram
narrowband phase spectrogram
Section 3.6.1
Section 3.3
combine
Figure 4.5
combined spectrogram
Section 3.4
apply HPS
onset detection
Section 3.6
onset detection values
peak selection
onset times
Figure 4.10
fundamental frequencies
Section 3.5
ascending list of values between 0 and 1
duration and ptich
get notes
